FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1, effective May 2, 2006, 31 *Texas Register* 3561, requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."

3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. This request for medical fee dispute resolution was received by the Division on June 9, 2008.
5. U.S. Bankruptcy Judge Michael Lynn issued a "STIPULATION AND ORDER GRANTING RELIEF FROM AUTOMATIC STAY TO PERMIT CONTINUANCE AND ADJUDICATION OF DISPUTED WORKERS COMPENSATION CLAIMS BEFORE THE TEXAS STATE OFFICE OF ADMINISTRATIVE HEARINGS," dated August 27, 2010, in the case of *In re: Renaissance Hospital – Grand Prairie, Inc. d/b/a/ Renaissance Hospital – Grand Prairie, et al.*, in the United States Bankruptcy Court for the Northern District of Texas, Fort Worth Division in Case No. 08-43775-7. The order lifted the automatic stay to allow continuance of the Claim Adjudication Process as to the Workers' Compensation Receivables before SOAH, effective October 1, 2010. The order specified John Dee Spicer as the Chapter 7 Trustee of the debtor's estate. By letter dated October 5, 2010, Mr. Spicer provided express written authorization for Cass Burton of the law office of Burton & Hyde, PLLC, PO Box 684749, Austin, Texas 78768-4749, to be the point of contact on Mr. Spicer's behalf relating to matters between and among the debtors and the Division concerning medical fee disputes. The Division will utilize this address in all communications with the requestor regarding this medical fee dispute.
6. By letter dated May 26, 2011, the attorney for the requestor provided *REQUESTOR'S AMENDED POSITION STATEMENT (RENAISSANCE HOSPITAL – DALLAS)* that specified, in pertinent parts, an "Additional Reimbursement Amount Owed" of \$340.13. The Division notes that the amount in dispute of \$489.05 specified above is the original amount in dispute as indicated in the requestor's *TABLE OF DISPUTED SERVICES* submitted prior to the *REQUESTOR'S AMENDED POSITION STATEMENT*.
7. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - W10—No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology
 - 1070—We are unable to recommend an additional allowance as your billing was reviewed in accordance with the Texas medical fee guidelines which were adopted by the Texas Workers' Compensation Commission for workers' compensation claims
 - Note: Request for reconsideration – according to our records, this service has been reimbursed at a fair and reasonable rate on the consistently used DWC fee guidelines. No further payment due
 - 0170—Reimbursement based on outpatient/inpatient rate
 - 0289—The recommended allowance is based on the value for the technical component of the service performed

Findings

1. 28 Texas Administrative Code §133.307(c)(2)(F)(iv), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires that the request shall include "a position statement of the disputed issue(s) that shall include" ... "...how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iv).
2. 28 Texas Administrative Code §133.307(c)(2)(G), effective May 25, 2008, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
 - The requestor's amended position statement asserts that "the fair and reasonable reimbursement amount for this hospital outpatient admission should at least be commensurate with the average amount paid by all insurance carriers in the Texas workers' compensation system in the same year as this admission for those admissions involving the same Principal Diagnosis Code and Principal Procedure Code."

- In support of the requested reimbursement methodology the requestor states that “Ordering additional reimbursement based on the average amount paid system-wide in Texas achieves effective medical cost control because it prevents overpayment... creates an expectation of fair reimbursement; and... encourages health care providers to continue to offer quality medical care to injured employees... Ordering additional reimbursement for at least the average amount paid for a hospital outpatient admission during the same year of service and involving the same Principal Diagnosis Code and Principal Procedure Code ensures that similar procedures provided in similar circumstances receive similar reimbursement... The average amount paid for similar admissions as put forward by the Requestor is based on a study of data maintained by the Division.”
- Review of the submitted medical bill and the submitted medical records finds no principal procedure code listed for the services in dispute.
- Review of the submitted documentation finds insufficient information necessary to calculate a reimbursement amount under the methodology proposed by the requestor.
- The requestor has not supported that payment of the requested amount would satisfy the requirements of Division rule at 28 TAC §134.1.

The request for additional reimbursement of \$340.13 is not supported. The requestor has not demonstrated or presented sufficient documentation to support that the additional amount sought is a fair and reasonable rate of reimbursement for the services in dispute.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amounts sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is not entitled to additional reimbursement for the services involved in this dispute.
